Mr. Michael Pendergast of Heppner, arrived at the Hot Lake Sanatorium to take a course of baths and treatment on the 28th of July.

W. P. Dutton returned Sunday from a stay of about four weeks at McDuffee Springs, near Ritter. His visit there did him much good in getting rid of his rheumatism.

Rev. J. L. Jones, pastor of the Congregational church at Ione, spent Friday night in Heppner in the interest of the county Sunday School Association of which he is the president.

G. A. Bleakman, Hardman merchant, was in town Monday. George has to either bum a ride or go a-foot these days, since his Overland went up in smoke at the Hardman fire last week.

C. E. Jones, Eight Mile farmer, was in town Monday. His crew is busy at present cutting his grain crop and getting it ready for the thrasher which will start up on his place in about two weeks.

Dr. Isabel Sedgwick departed Friday for Portland to attend the national convention of Osteopaths at that place. This is a very notable gathering and will be in session there during this week.

Albert Bowker returned from a visit of a week in Portland, on Saturday. He was accompanied below by Mrs. Bowker, who returned to Heppner a few days ahead of her husband.

County Clerk Waters returned Sunday from a visit of three weeks at Newport where his family is now located for the summer. He enjoyed the salt air very much and feels quite refreshed and invigorated.

Mr. and Mrs. H. A. Emerson departed for Portland Sunday and expect to remain there for at least a month in hopes that the change will prove beneficial to Mr. Emerson who has been sick for several weeks.

Lish Watkins and family were in from their Willow creek farm on Saturday. Mr. Watkins states that a very heavy rain fell in the timber above his place Friday night and the creek was filled to overflowing in places.

Prof. Hoffman writes this office under date of July 28, that he had just landed at the pier in New York city after a sea voyage of three weeks from San Francisco via the Panama canal. He expects to arrive at Heppner about August 12th.

Deputy Clerk Anderson took his departure for Vancouver, Wash., Tuesday, where he joins Mrs. Anderson and will remain away for a couple of weeks on his summer vacation. Before returning to Heppner he will make a short visit at Goldendale.

Will Fisk, son of C. A. Fisk, who was conductor on the Heppner branch for many years, is visiting in Heppner this week from his Portland home. He has been at work for the past three weeks or so helping put up the hay crop on the Jack Hynd place at Ceell.

Michael Kenny expects to get a good yield of grain off his two hundred-acre field. It is now about ready for harvest and promises him a yield of at least 30 bushels to the acre. He has put up his usual good hay crop and generally speaking, Mike says there is nothing to complain about around his bailiwick.

Robert Young took sick last week while at work with the Theo. Anderson header on Eight Mile. He was brought to town and it was ascertained that he had diphtheria. Prompt use of antitoxin treatment checked the disease and Robert is able to be about again, rapidly recovering from the ill effects of the disease.

Mrs. T. E. Chidsey and little daughter, Melba, departed for Portland Friday to make Mr. Chidsey a visit. Mr. Chidsey, who has been ill for several months past, and who is at present receiving treatment in Portland, is reported to be slowly recovering but his present condition is not very satisfactory to his family.

Rev. J. C. Ghormely, pastor of the Montavilla Christian church of Portland, delivered two very interesting addresses at the Christian church in this city on Sunday last. Rev. Ghormely is a missionary to India who has been home on an extended furlough and is further preparing himself for the work of a medical missionary by completing the medical course of the University of Oregon. He has very interesting and educational lectures on his work among the Hindu people.

R. A. Redifer, recently from Roseburg, and a professional band man and musician, spent a few days in Heppner and looked over the proposition of organizing a band here. Mr. Redifer is at present at work in the country and will be out of town until about September 1st. He will in the meantime move his family to Heppner and expects to make this place his home. He was considerably encouraged by the prospects here for organizing a band. We would encourage those interested in such a move to get in touch with Mr. Redifer when he returns to town, and help to push this proposition along. Heppner needs such an organization and we can just as well have it.

Will Spencer had a slight collision with a Ford while rounding a turn in the road near the Walt Bray place on his way to the mountains Thursday last. Spencer was driving his Overland and neither driver saw the other approaching until they were so near that the collision was unavoidable. The Ford was being driven by a boy and we understand it was a Lexington machine. No serious damage was done either machine but it was just a fortunate piece of luck that serious injury was avoided.

D. S. Barlow and wife were Heppner visitors Saturday from their Eight Mile farm. Mrs. Barlow states that she has raised a lot of beautiful flowers this season on their hill farm and this office has the promise of a beautiful bouquet. Mr. Barlow expects a yield of from eight to fifteen bushels of wheat when he begins threshing operations. The header is busy at work on his place now.

Louis Pearson, the tailor, left for Portland Sunday, going down to engage a tailor. Louis has fitted up a nice shop on Main street and expects to be a busy man from now on. He would call your attention to his fine display of fall and winter samples, on which he would be pleased to quote prices. When in need of that new suit, remember Pearson the Tailor.

Earl Gordon has returned from the Wicksworth ranch on Butter creek where he has been at work during the hay harvest. He states that very little alfalfa has been put up out that way this season, but the ranchers have gathered in a fine crop of barley which will go far towards taking the place of the missing alfalfa.

David Wilson has returned to town from the Jake Young farm on Eight Mile where he has been working in the harvest fields. He is carrying a badly injured hand, the result of serious blisters received while at work, and the indications are that he is developing a felon. It is causing him a lot of misery at the present time.

Heppner presents a quiet appearance these days. Everyone that can do so has either gone to the mountains or the seashore for their vacation, and many others are busy at work in the harvest fields.

Marcellus Morgan, of Rhea's Siding, was a visitor in Heppner this week.

Mrs. Bert Mason, who has been visiting down about Portland for the past six weeks, returned home for a couple of days, but the call to mother was more than she could stand, so she returned to spend the remainder of the hot weather where it was a little more pleasant.
